ACADEMIC TRAINING

- 2019-2021 Postdoctoral Fellowship Research Associate
Temple University, College of Public Health, Social and Behavioral Sciences
Temple University Collaborative on Community Inclusion of Individuals with
Psychiatric Disabilities (NIDILRR funded RRTC program)
- 2017 Ph.D., Leisure Behavior (minor: Sociology)
Indiana University-Bloomington, School of Public Health
- 2014 M.S., Recreation (emphasis: Therapeutic Recreation)
Northwest Missouri State University
- 2008 B.S., Human Science (concentration: Disability Studies)
University of Tsukuba

PROFESSIONAL EXPERIENCE

Academic Appointments

Assistant Professor – Faculty of Health and Sport Sciences, University of Tsukuba. March 2021 – Present
Taught undergraduate and graduate Adapted Physical Education and research method courses.
Developed and carried out the current research lines.

Research Associate – Temple University Collaborative on Community Inclusion of Individuals with
Psychiatric Disabilities. August 2019 – February 2021
Developed interventions to increase community participation among individuals with serious
mental illness. Wrote research grants for federal and private funding agencies. Disseminated the
Center research findings with collaborating investigators.

Research Contractor – Truman Medical Center (New Frontiers). June 2019 – August 2019
Conducted a research project, aiming to (a) identify constraints to leisure among people with
serious mental illness, and (b) summarize testimonial of the New Frontiers program effectiveness

Assistant Professor – School of Health Science and Wellness, Northwest Missouri State University.
August 2017 – August 2019
Taught undergraduate and graduate Therapeutic Recreation and research method courses.
Supervised students under CTRS internship standards. Developed and carried out research
projects that relates to Therapeutic Recreation.

Adjunct Professor – University of Human Arts and Sciences (Japan). April 2016 – March 2018
Developed an online introductory course on Therapeutic Recreation.

Research Intern – Centerstone Research Institute. September 2016 – May 2017
Identified eligible study participants among clients of a community outpatient psychiatric service provider in order to assist funded studies.

Research Assistant on a funded research project – Department of Informatics, Indiana University. June 2016 – May 2017
Managed a research project on a socially assistive robot for older adults with depression, funded by Indiana University's Faculty Research Support Program – External Resubmission. Organized focus group interviews and in-home intervention data collection. Supervised other research assistants.

Research Assistant and Associate Instructor – Department of Recreation, Park, and Tourism Studies, Indiana University. August 2014 – May 2016
Conducted statistical analyses for spinal cord injury and Paralympic Sports Club studies by Dr. Jennifer Piatt. Conducted qualitative data analyses for an interdisciplinary study of socially assisted robots for older adults with depression. Taught Therapeutic Recreation courses.

Graduate Assistant – Northwest Missouri State University. August 2012 – May 2014

Related Field Experience

Taiiku Center – University of Tsukuba, Japan. April 2021 – Present
Adapted Physical Educator

Taught physical education programs for students with all abilities including physical disabilities and psychiatric disabilities. Taught SMART goal techniques and wellness habits through activity-based interventions.

Midwest Adaptive Sports, Dearborn, MO Aug 2018 – Aug 2019
Adapted Ski Instructor, International event coordinator,

Taught adapted ski for youth with physical and developmental disabilities. Consulted the event organization to host international teams for Wheelchair Softball World Series.

Recreational Therapy Department, Munroe Meyer Institute, University of Nebraska Medical Center, Omaha, NE. May 2013 – Aug 2013

Recreational Therapist Intern

Facilitated life skills development programs of a community recreational therapy service provider for clients for all ages with severe developmental disabilities. Led volunteers at a summer camp for youths with severe developmental disabilities.

Tokyo Sports Association for the Disabled, Tokyo, Japan. Jul 2007 – Mar 2010, Feb 2011 – Aug 2012
Officer

Administered sports events for individuals with disabilities. Coordinated with affiliated sports instructors and organizations to manage sports festivals, awareness raising events, and sports lessons. Consulted clients to find appropriate place to start involving sports activities in their community. Promoted adapted sports outside of Tokyo Sports Center for the Disabled. Managed

administrative duties such as document management and accounting. Published printed materials about sports and recreation for people with disabilities in the community.

Variety Village, Toronto, Ontario, Canada. Jan 2006 – Mar 2006, Aug 2006 – Dec 2006

Co-op student (intern)

Led life skills programs to improve their independent living at an adult day service program for 15 individuals with severe developmental disabilities. Led adapted physical education programs for students with physical and cognitive disabilities in the local community at a sports facility that serve for people with and without disabilities.

HONORS AND AWARDS

2020	One article (2020) in the <i>Therapeutic Recreation Journal</i> was selected as a relevant article in the coronavirus pandemic situation and became open access. Later on May 7 th 2020, publisher commented that it was one of the most successful open access article.
2017	Top 3 poster at the Lifestyle Medicine Conference 2017.
2017	<i>Lebert H. Weir Outstanding Ph.D. Student Award</i> , at the 69 th Annual Weir Event, Department of Recreation, Park, and Tourism Studies, Indiana University-Bloomington
2016	<i>Lebert H. Weir Outstanding Ph.D. Student Award</i> , at the 68 th Annual Weir Event, Department of Recreation, Park, and Tourism Studies, Indiana University-Bloomington
2016 – 2017	<i>Garrett G. Eppley Scholarship</i> , School of Public Health, Indiana University-Bloomington

GRANTS

Funded Research Projects –Principal Investigator or Co-PI

- 2021 Developing an activity-based intervention to improve ikigai for individuals with serious mental illnesses. Grants-in-Aid for Scientific Research Start-Up Fund. 2,200,000 yen (equivalent to \$22,000 USD). (S. Nagata, PI)
- 2018 How does depression create barriers to the pursuit of pleasure seeking in the leisure context? An exploratory interview study. Faculty Research Grant at Northwest Missouri State University, \$1,676 (S. Nagata, PI)
- 2016 Leisure and recurrence of depression: Identification of the role of leisure-generated resources, physical activity, and sense of coherence. Grant-in-Aid of Doctoral Research, Indiana University Graduate School. \$1,000 (S. Nagata, PI)
- 2016 The relationships among leisure, stressors, the sense of coherence, and depressive symptoms among individuals with major depressive disorder and the influence of leisure coping beliefs and leisure values on use of leisure coping strategies. School of Public Health Student Research Grant, Indiana University. \$1,000 (S. Nagata, PI)
- 2016 The relationships among leisure, stressors, the sense of coherence, and depressive symptoms among individuals with major depressive disorder. Leisure Research Institute faculty and student small grant research programs at Indiana University. \$1,000 (S. Nagata, PI)
- 2013 Examining determinants of self-concept and life satisfaction of wheelchair rugby players. Student Research Grant at Northwest Missouri State University, \$261 (S. Nagata, PI)

Funded Research Projects – Other Roles

- 2021 Examining needs related to adapted sports in Southeast Asia. Ministry of Sports, Japan. 30,000,000 yen (equivalent to \$300,000 USD). (Y. Okade, PI; S. Nagata, Investigator)
- 2021 Online leisure education intervention to enhance well-being of university students. Social Sciences and Humanities Research Council: Insight Development Grants. CAD\$74,481 (S. Kono, PI; S. Nagata, Collaborator).
- 2020 Developing video-based leisure education for university students to enhance subjective well-being: A Delphi approach. University of Alberta Faculty Research Grant. \$4,986. (S. Kono, PI; S. Nagata, Co-Investigator)
- 2019 Developing a support program for sheltered workshop users with serious mental illness. Ministry of Health, Labor, and Welfare (Japan): Grant-in-Aid for Scientific Research (KAKEN), 9,828,000 yen (equivalent to \$91,000 USD). (J. Yaeda, PI; S. Nagata, co-investigator)
- 2017 A preliminary study on establishing an assessment standard regarding ‘Kokoro-no-barrier-free’ education and training programs. The Cabinet Office of Japan, Tokyo, Japan. 5,000,000 yen (equivalent to \$50,000 USD) (S. Nagata, Research Consultant).
- 2015 Preliminary study of socially assistive robotic technologies for sustaining independent living in older adults with chronic depression and co-occurring physical illness. Faculty Research Support Program – Seed Funding, \$71,000 (S. Sabanovic, PI; S. Nagata, graduate assistant)

Funded Service Projects

- 2017 Adaptive Sport Program for Indiana University Students who are Disabled Veterans and Disabled Members of the Armed Force. Veterans Affairs Adapted Sport Grant. \$39,392 (S. Nagata, Graduate assistant)

Not Funded Research Projects

- 2020 The Power of Dependable Souls (PODS): A Randomized Controlled Trial of a Peer-Delivered, Group-Based Community Participation Intervention for Adults with Serious Mental Illnesses. National Institute of Disability, Independent Living, and Rehabilitation Research: Field Initiated Project. \$600,000 (S. Nagata & B. McCormick, Co-PI)
- 2020 Investigating social impacts of COVID-19 on mattering, connectedness, and leisure to suicidal ideation among Black college students in a Historically Black Colleges and Universities. American Foundation for Suicide Prevention: Pilot Grant. \$30,000 (D. Lee, PI; S. Nagata, consultant)
- 2020 Optimizing person-environment fit to maximize social participation of adults with SMI. National Institute of Disability, Independent Living, and Rehabilitation Research: Disability and Rehabilitation Research Program. \$2,499,995 (B. McCormick & G. Snethen, Co-PI; S. Nagata, Co-Investigator)
- 2020 Social network change through sport participation: Examining a mechanism of increased community participation. Japan Society for Promotion of Science: Leading Initiative for Excellent Young Researchers. 12,000,000 yen (equivalent to \$110,000 USD). (S. Nagata, PI)
- 2017 The relationship between leisure-generated meanings and suicidal ideation among older adults. American Foundation for Suicide Prevention: Pilot Grant. \$25,583 (S. Nagata, PI)
- 2015 Integrated physical activity and mindfulness intervention for SCI pain management. Craig H. Neilson Foundation: Psychosocial Research Grant. \$92,051. (J. Piatt, PI; S. Nagata, graduate assistant)
- 2014 Examining the effect of adapted sports participation on cognition within the spinal cord injury population: A pilot study. Leisure Research Institute faculty and student small grant research programs at Indiana University. \$1,000 (S. Nagata, PI)

Submitted Research Projects

- 2021 Investigating social impacts of COVID-19 on mattering, connectedness, and leisure to suicidal ideation among Black college students in a Historically Black Colleges and Universities. American Foundation for Suicide Prevention: Pilot Grant. \$30,000 (D. Lee, PI; S. Nagata, consultant)
- 2021 PODS Japan - Grants-in-Aid for Scientific Research – Young investigator Award
- 2021 Developing Ecological Momentary Intervention (EMI) Methods for Socially Assistive Robots in Community-Based Health. Japan Society for the Promotion of Science International Collaboration Research Grant. 24,000,000 yen (equivalent to \$24,000 USD). (S. Nagata & C. Bennett, Co-PI)

PROFESSIONAL PRESENTATIONS

Invited Presentations

1. Nagata, S. (2021, November). Creating a culturally safe environment in Recreational Therapy. 2021 BEACH Symposium. Long Beach, CA.

2. Nagata, S. (2021, September). Working with diverse clients in Therapeutic Recreation. REC453/553: Programming and Evaluation of Recreation Therapy. California State University – Long Beach.
3. Nagata, S. (2021, July). Therapeutic Recreation: Concepts, practice, and theories. Teikyo University of Sciences, Japan.
4. Nagata, S. (2021, February). Keynote: Expanding service of adapted sports instructors through Therapeutic Recreation. Iwate Prefectural Association for Adapted Sports: Northeast Japan Regional Symposium. Japan.
5. Nagata, S. (2021, January). Supporting individuals with psychiatric disabilities for community inclusion. Iwate Prefectural Association for Adapted Sports: Intermediate Class Adapted Sport Instructor Certification Training. Japan.
6. Nagata, S. (2019, December). Leisure and stress resistance. Invited presentation for New Zealand Society of Diversional and Recreational Therapists.
7. Nagata, S. (2019, December). Therapeutic recreation practice in the United States. Invited presentation for New Zealand Society of Diversional and Recreational Therapists.
8. Nagata, S. (2019, November). Decreased ability to experience leisure: Rethinking enjoyment. Invited presentation for New Zealand Society of Diversional and Recreational Therapists.
9. Nagata, S. (2019, May). The role of leisure in recovery from depression. Brock University, St. Catharines, ON, Canada.
10. Nagata, S. & Collins, S. (2017, March). The concept, research, and application of socially assistive robots for older adults with depression. SPH210: Inclusion in Parks, Recreation, and Tourism. Indiana University. Bloomington, IN.
11. Nagata, S. & Eldridge, L. (2016, September). Socially assistive robots and their effects for mental health of older adults. Ivy-Tech Community College. Bloomington, IN.
12. Nagata, S. (2015, December). Sports and well-being: Research and practice. Japan Society of Leisure and Recreation Studies, annual conference 2015. Nishinomiya, Japan.
13. Nagata, S. (2014, June). Best rehabilitation practices in foreign country: Therapeutic Recreation in U.S.A. The Balloon-Play Association public seminar. Tokyo, Japan.

Peer-Reviewed Presentations

Journal of Affective Disorders

Journal of Health Psychology

Journal of Spinal Cord Medicine

Leisure Sciences

Preventive Medicine Reports

Psychiatric Rehabilitation Journal

SCHOLE: A Journal of Leisure Studies and Recreation Education

Therapeutic Recreation Journal

Transactions on Human-Robot Interaction

Conference Research Proposal Reviews

American Therapeutic Recreation Association: Research Institute, 2017 – 2019

ACM/IEEE International Conference on Human-Robot Interaction, 2022

Committees for the Professional Organizations

2020 – Present Recreation Education Core Curriculum Model Working Group: joint committee of Japan Society of Leisure and Recreation Studies (JSLRS) and National Recreation Association of Japan (NRAJ)

2016 – Present International Committee for American Therapeutic Recreation Association (ATRA)

- 2016 – Present International Coalition for Therapeutic Recreation, National Council for Therapeutic Recreation Certification (NCTRC)
2014 – 2017 Treasurer, Graduate Recreation Society (Department of Recreation, Park, and Tourism, School of Public Health, Indiana University)

Committees for the University

- 2021 – Present Diversity and Accessibility Committee, University of Tsukuba
2021 – Present Entrance Exam Committee, Chairperson, University of Tsukuba
2018 – 2019 Institutional Review Board, Northwest Missouri State University
2017 – 2018 Search committee, Faculty position in Applied Health Science, School of Health Science and Wellness, Northwest Missouri State University

Services to the Communities

- 2018 – 2019 Interpreter, Wheelchair Softball World Series hosted by Midwest Adaptive Sports
2018 – 2019 Board member, Nodaway County Recreation/Education for Individuals with Disabilities in Maryville, MO
2015 – 2017 Board member, Depression and Bipolar Support Alliance (DBSA) in Bloomington, IN
2014 – 2017 Board member, Paralympic Sport Club establishment movement in Bloomington, IN
2014 – 2015 Research consultant for a recreational therapy practitioner: HeartMath study with Gigi Vooheries, CTRS at Indiana University Health Bloomington Hospital
2014 – 2015 Health Coach Intern, Centerstone in Bloomington, IN
2010 – 2012 Support staff, Tokyo Balloon Volleyball Association, Japan
2003 – 2012 Support staff, Ibaraki Wheelchair Racing Team, Japan
2003 – 2008 Support staff, Tsukuba Blind Football Club, Japan

Research Consulting

- 2018 Professor Kikuko Hata at Morioka University
2017 Co-Innovation Laboratory (COIL), Non-profit organization in Tokyo, Japan
2011 – 2013 Balloon-Play Association, Non-profit organization in Tokyo, Japan

Media

- 2019 Studying in the United States as a Therapeutic Recreation researcher. *Tsukuba Way*, Japan (March, 11th, 2019)
2017 Diversional Therapy Newsletter. *International networking of leisure and recreation professions*. (May 20th, 2017)
2016 Body and mind for better life. “*Machikomi*”, TV Saitama, Japan. (September 27th, 2016)
2004 Summer Sports Camp 2004: Organizer interview. *Tsuku-Navi*, University of Tsukuba, Japan. (June, 2004).

PROFESSIONAL MEMBERSHIPS

American Therapeutic Recreation Association
World Leisure Organization

PROFESSIONAL CERTIFICATIONS

- 2017 – Present Youth Mental Health First Aid
2015 – Present Certified Therapeutic Recreation Specialist (CTRS)
2013 Certificate of Interdisciplinary Care in Developmental Disability

2003 – 2012 Certified Sports Instructor for Disabled, Japan
2012 – 2014 First aid/CPR Certification and AED training

TECHNOLOGY SKILLS

Learning Management Systems

Canvas (at Indiana University-Bloomington and Northwest Missouri State University)

OnCourse (at Indiana University-Bloomington)

Soft Chalk (at Northwest Missouri State University)

Statistical software

SPSS, EQS, Mplus, and R

Statistical techniques

Univariate and multivariate analyses (ANOVA, Multiple regression, logistic regression, multilevel modeling, structural equation modeling, etc.).
